SUMMARY

MBA graduate with 4+ years of experience in product management, business development, operational execution, and cross-functional project delivery. Skilled in Product management, coordinating stakeholders, building structured workflows, and using data-driven planning to improve execution and managing end to end product lifecycle. Seeking a role in Product Management, or Project Management Execution.

EXPERIENCE

Product Manager I MedX

Nov 2022 - Present

Mumbai , India (Remote)

- Led end-to-end product lifecycle execution, including roadmap planning, sprint coordination, validation support, launch readiness, and stakeholder alignment using Agile and Jira.
- Built structured operating workflows for requirements, acceptance criteria, documentation, prioritization, and cross-functional delivery in an early-stage founder-led startup.
- Coordinated R&D, QA/RA, manufacturing, clinical, commercial, and leadership stakeholders to manage dependencies, timelines, risks, and product delivery milestones.
- Supported commercialization strategy, market analysis, product positioning, and investor-facing planning, contributing toward \$200K VC-backed funding.
- Managed 10+ patented medical device concepts through technical feasibility, prioritization, validation planning, and operational execution, reducing R&D rework by 18%.
- Used data-driven decision-making, customer insights, and technical inputs to align product strategy with operational feasibility and business objectives.
- Received **India's Best Design Awards** by IBDA , 2025 for Trachease.

Work Student - Simulation Engineer I Valeo

Jan 2024 - Feb 2025

Bad Neustadt, Germany

- Delivered 300+ FEA, FEM, and CFD simulations supporting technical validation, feasibility reviews, performance analysis, and data-driven engineering decisions.
- Used Nastran, ANSYS, CATIA V5, and CAD tools to optimize components, reduce material usage by 20%, and support development timelines.
- Developed and standardized 15+ nCode vibration test protocols, improving lifecycle validation quality and strengthening repeatable testing workflows by 25%.
- Collaborated with engineering teams to assess design risks, technical constraints, quality requirements, failure patterns, and optimization opportunities.
- Prepared technical reports, simulation findings, and validation summaries to support stakeholder communication, documentation accuracy, and product decision-making.
- Supported cross-functional project execution through analytical problem solving, structured workflows, technical communication, and deadline-oriented delivery.

Business Development Executive I UpGrad

May 2022 - Oct 2022

Bangalore, India

- Managed 400+ B2B and B2C leads through CRM workflows, supporting sales pipeline visibility, customer engagement, conversion tracking, and commercial follow-up.
 - Improved SAP, Excel, and CRM reporting processes to track timelines, client needs, lead status, costs, and business performance indicators.
 - Created structured dashboards using Excel and Power BI to support forecasting, resource planning, revenue tracking, and management decision-making.
 - Coordinated with sales, marketing, logistics, and customer success teams to support go-to-market execution and customer onboarding activities.
 - Increased client retention by 25% through structured communication, issue resolution, follow-up discipline, and improved post-sales coordination.
 - Analyzed customer behavior, market demand, and funnel performance to identify growth opportunities and improve commercial execution.
-

EDUCATION

Technische Hochschule Würzburg - Schweinfurt (THWS)

Sep 2023 - Mar 2025

Master Business Administration (MBA) | Schweinfurt, Germany

- Program in Management of Business Transformation (MBT).
- Grade 2.3/4.0 GPA

Narsee Monjee Institute of Management Studies (NMIMS)

Jun 2018 - May 2022

Bachelor of Technology (B.Tech) | Mumbai , India

- Program in Mechanical Engineering.
 - Grade 1.8/4.0 GPA
-

SKILLS

- **Hard Skills :** Product Management, Product Launch Planning, Project Management, KPI Reporting, MS Office, Jira, CRM Systems, ERP SAP S/4HANA, Power BI, AI-Assisted Workflows.
 - **Soft Skills :** Product Management, Strategic Thinking, Stakeholder Management, Communication, Prioritization, Analytical Thinking, Problem Solving, Cross-Functional Collaboration, Adaptability, Structured Execution.
 - **Language :** English **(C1)**, German **(B2)**, Hindi **(C1)**
 - **Certifications :** **IBM Product Manager, PMP**, Power BI, SAP ERP, JIRA, CATIA V5 , **ISO 9001 : 2015** , **ISO 13485 : 2016 QMS Medical Devices**, Advanced Project Management , Computer Society of India (CSI).
-

INTERNSHIPS

Mechanical Engineering Intern | Vedant Engineering | May 2021 – Jul 2021 | Pune, India

- Supported CAD modeling and simulation of material testing for automotive components.

Design Engineering Intern | Forschene Pvt. Ltd | Jun 2020 – Aug 2020 | Mumbai, India

- Worked on 3D design and prototyping of mechanical & medical device projects.

Marketing & Volunteering Intern | DUFE | May 2019 – Jul 2019 | Dalian, China

- Contributed to student-led international marketing campaigns and cultural exchange projects.
-

HOBBIES

- Photography
 - Travelling
 - Singing
 - Entrepreneurship in healthtech
 - Designing
 - Volunteering
